NEW AFFORDABLE MODEL:

The BottleBag Fair is an ideal bag to give away on a booth. They are foldable, light (34 gram) and have a long strap (110 cm).

PAPER STRING

On all BottleBags we changed the position of the carelabel to the pouch. In this way we can attach a paper string instead of a plastic one.

BIODEGRADABLE POLYBAGS

All BottleBags will be delivered in a biodegradable polybag per 25 pieces instead of a plastic one.
